 KAISER PERMANENTE®

Now coverage is within your reach

The Child Health Program (CHP) is for children and teens 18 and under who can't get any other health coverage. And you don't have to be a U.S. citizen to be eligible.

CHP members will get the Kaiser Permanente Platinum 90 HMO plan

You won't pay monthly premiums.

You'll pay low or no costs for most covered services at Kaiser Permanente facilities.

Do I qualify?

You're eligible for CHP if:

- You live in a Kaiser Permanente service area that is open to new enrollment
- Are 18 and under
- Your household income is no more than 3 times the federal poverty level (for example, up to \$38,640 for a single person or \$79,500 for a family of 4 in 2021).
- You don't have access to any other health coverage, including Medi-Cal, Medicare, a job-based health plan, or coverage through Covered California.

You may be eligible for Medi-Cal if:

- You're 18 and under with a total household income at or below 266% of the federal poverty level (for example, \$70,490 for a family of 4 in 2021).
- You're 19 to 65 with a total household income at or below 138% of the federal poverty level.

Please note: Many children and young adults 25 and under – including noncitizens – now qualify for Medi-Cal. Those who qualify for Medi-Cal are not eligible for CHP.

What happens if my situation changes?

If you become a member, we'll check in with you periodically to see if you still meet the CHP requirements. If you're no longer eligible, we'll notify you and you'll be disenrolled from the program. After that, you'll have to pay the regular monthly premiums for the Kaiser Permanente Platinum 90 HMO plan, as well as any out-of-pocket costs – unless you ask us to cancel your membership.

A healthy future starts here

The Child Health Program provides a subsidy to help pay your monthly premiums and most out-of-pocket medical costs for children and teens 18 and under.
